

2016 February Rally Report

Hello Fellow LSACer's,

Well, we had a very successful and fun rally at a new RV Park, and it looks like the Lake Livingston KOA will become a regular stop on our yearly rally schedule! It is a beautiful park, with great sites, a beautiful view of the lake, magnificent sunsets, and an awesome rally room.

We originally had 15 rigs booked, (a record for a February rally), but had 3 cancellations due to family commitments or illness. We hope to see the Meredith's soon, and hope that Larry Golden's back is doing better, and that Anne Shaner is feeling better as well.

12 rigs attended the rally. Brinlee, Bennett, Clayton, Hall, Helstrom, Marler, McCormick, Mesz, Pleasant, Toye, and had 2 visiting couples, The Bank's & The Doyle's. Our hosts, the Marler's & The McCormick's took really good care of us with a Soup Feast on Friday night, Pancakes, Sausage & Eggs on Saturday, and Brisket & Sausage on Saturday night, with all the trimmings, and Breakfast again on Sunday with Leftovers from Saturday's breakfast, plus Biscuits & Gravy as well! I certainly gained a few pounds at this rally! As usual, we had plenty of delicious desserts both nights, and a wide assortment of appetizers as well. One thing for sure is that we always eat good at the rallies!

Some folks went out poking around the Lake Livingston / OnAlaska area, as this is new stomping grounds for some of us, and others just hung around the resort, and took advantage of the beautiful weather that we had last weekend.

We played games both nights, with the highlight being on Saturday night, where we played several games of Bingo, and 2 high stakes Left, Right, Center games. We really had a great time getting together and lots of fellowship and sharing of stories. Everyone had a great time, and there were no hard luck stories or serious breakdowns before or after the rally.

We look forward to seeing everyone at the next rally on March 18 thru 20th at the Coletto Creek KOA in Victoria, Tx. Remember we moved to the 3rd week of March due to Easter. We still have some spots open, so make your plans to join us

Safe Travels,
Steve Mesz
